EDUCATION

University of Cape Coast Cape Coast, Ghana
Bachelor of Science, Computer Science. First-Class Honours. GPA: 3.63/4.0. *08/2025*

EXPERIENCE

Graduate Teaching Assistant 11/2025 – Present
University of Cape Coast *Cape Coast, Ghana*

- Lead tutorial and problem-solving sessions for 350+ students across Discrete Mathematics, Algorithms, and Numerical Analysis, clarifying complex logic-based concepts.
- Provide one-on-one student assistance through discussion sessions and targeted academic support.
- Evaluate assignments, quizzes, and homework with consistent fairness and timely feedback.

Front-End Web Developer 12/2024 – 08/2025
TST Labs *Accra, Ghana*

- Partnered with UI/UX designers to build engaging, user-centered interfaces aligned with product requirements.
- Collaborated with back-end developers to ensure seamless integration of server-side logic.
- Delivered front-end development projects on schedule through rigorous testing and error-free code practices.
- Implemented SEO strategies to improve visibility in search engine results.
- Debugged and resolved issues to optimize website functionality and performance.

Front-End Developer 08/2023 – 10/2025
Ornama Studios *Accra, Ghana*

- Built an e-commerce site for a client, resulting in a 20% sales increase within one month of launch.
- Built responsive, user-friendly interfaces using React.js, Next.js, JavaScript, HTML, and CSS across multiple client projects.
- Developed landing pages for multiple companies to generate client leads.
- Optimized web pages for speed and scalability, improving overall usability.
- Managed version control using Git and GitHub across team projects.
- Constructed the Ornama Studios website, enhancing the company's online presence.

Front-End Intern 10/2023 – 12/2023
Plugnom Solutions *Accra, Ghana*

- Developed user interfaces using HTML, CSS, and JavaScript.
- Conducted pre-launch testing to minimize post-launch issues.
- Optimized digital assets for speed and scalability.
- Applied current front-end development trends and contributed ideas during team brainstorming sessions.

PROJECTS

Fraud Reduction Platform https://github.com/Asamoah4284/Hacker.git
Team Lead (Hackathon)

- Led a 5-member team to design and build a platform targeting 'refer and earn' fraud in e-commerce systems.
- Implemented browser fingerprinting to generate unique, persistent user identifiers, detecting and blocking serial account creation and self-referral patterns.
- Delivered a full-stack solution using React.js, Node.js, and MongoDB.

ACTIVITIES & LEADERSHIP

Computer Science and Information Technology Student Association, University of Cape Coast
Lead, Front-End Web Development Club

- Organized free weekend tutorials for CS students and mentored peers in programming, data structures, and web development.

University of Cape Coast
Student Peer Academic Tutor

- Volunteered weekend hours to deliver free peer-to-peer tutorials for junior students in Algorithms, Calculus, and Programming Techniques. Guided students through complex problem-solving strategies to improve their course performance and confidence.

SKILLS

Technical: React.js, Next.js, Node.js, MongoDB, JavaScript, Python, HTML, CSS, Git, SEO Optimization, AWS (Cloud Practitioner), Microsoft Office
Research and Academic Interests: Cybersecurity (Social Engineering, Mobile Fraud Detection), Digital Forensics, Machine Learning Applications, Software Engineering

CERTIFICATIONS

- AWS Certified Cloud Practitioner, Credly verified — https://www.credly.com/badges/5226e4e4-3eeb-4ed7-bb46-ae089d1e5af5/public_url

AWARDS & HONORS

- Dean's Award for Academic Excellence, University of Cape Coast (2023/2024, 2024/2025)
- Best Graduating Computer Science Student, University of Cape Coast
